

UNIT LINKED MAX

SENZAR Insurance

UNIT LINKED MAX

is a retirement annuity insurance program that allows the client to **receive income from the invested funds during the first years of insurance**, as well as have insurance coverage in case of unexpected life and health events.

What does the program include?

- Insurance coverage
- Daily accrual of income with the possibility of instant payments
- Annuity payments at the end of the insurance period
- Ability to build your own career
- Access to your personal account
- Personal financial advisor

The insured person can be
a natural person aged

18 – 60

The insured person shall not be a
cancer patient or have severe forms
of the disease.

Insurance period

The insurance period is established for the period **until the insured person is 70 years old.**

For example, if the client is 40 years old when concluding a contract, then the insurance period will be $70-40=30$ years.

The insurance premium is

EUR 100.00 per year

The client has an opportunity to pay premiums
for several years at a time.

What insurance coverage do you get?

Survival until
the end of the
insurance period

Life annuity in the
amount of (Insurance
period x 5) per quarter

Death
for any reason

Refund
of paid premiums
+ Investment income

Death
by accident

Refund
of paid premiums
+ 1000,00€

Death
in a traffic accident

Refund
of paid premiums
+ 2000,00€

The sums insured for several incurred risks are summed up.

The client receives annually up to

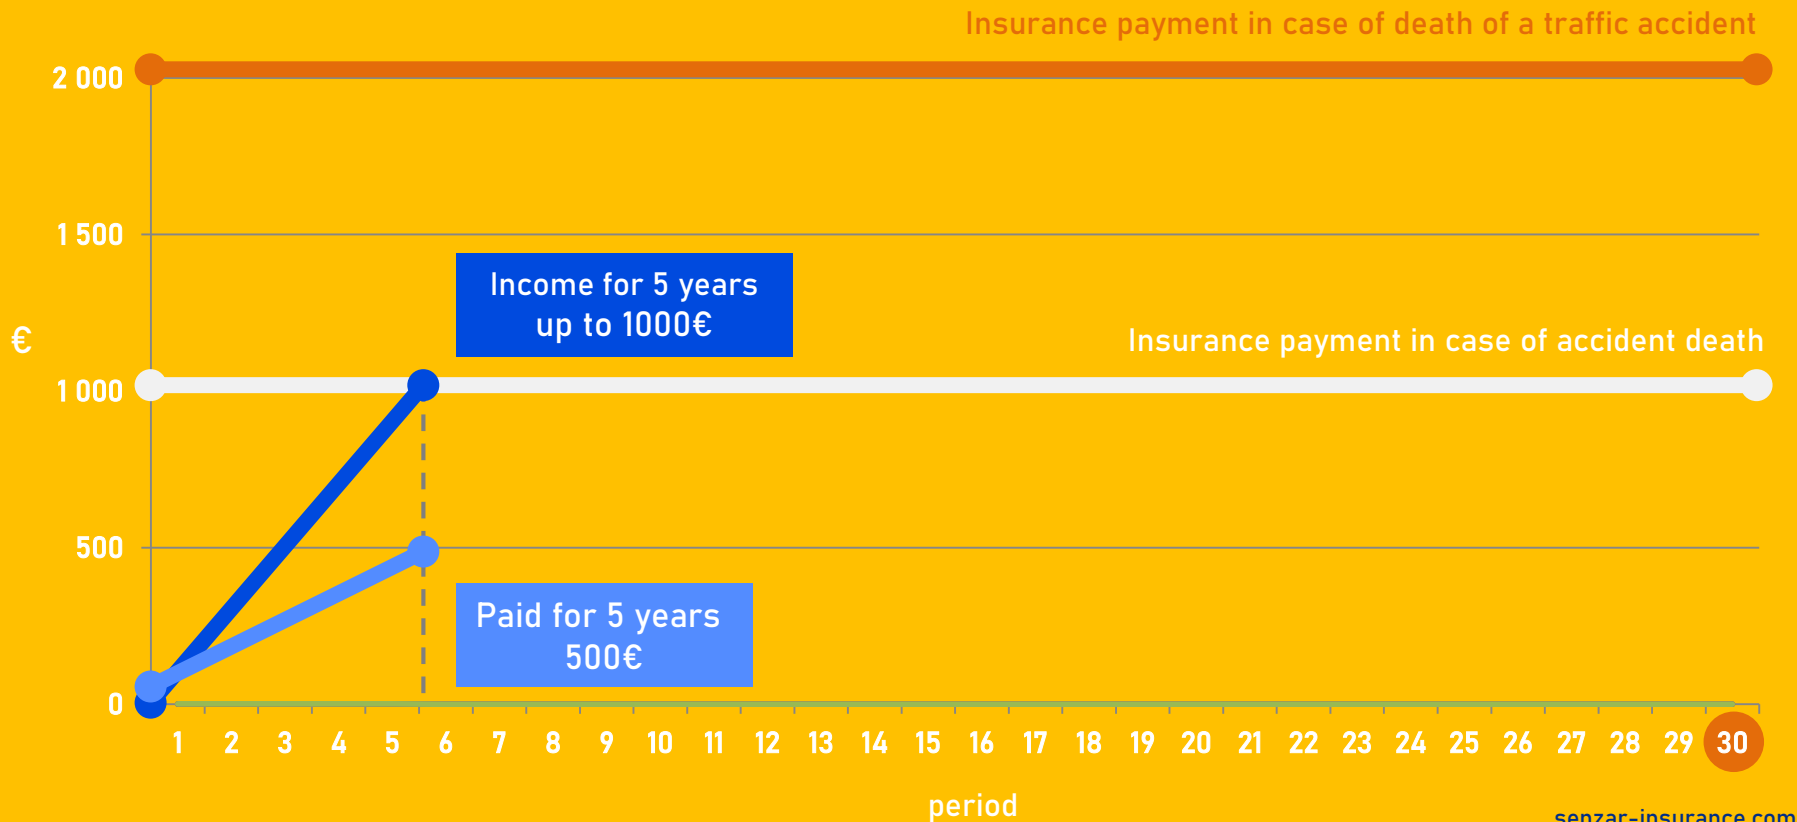

200%

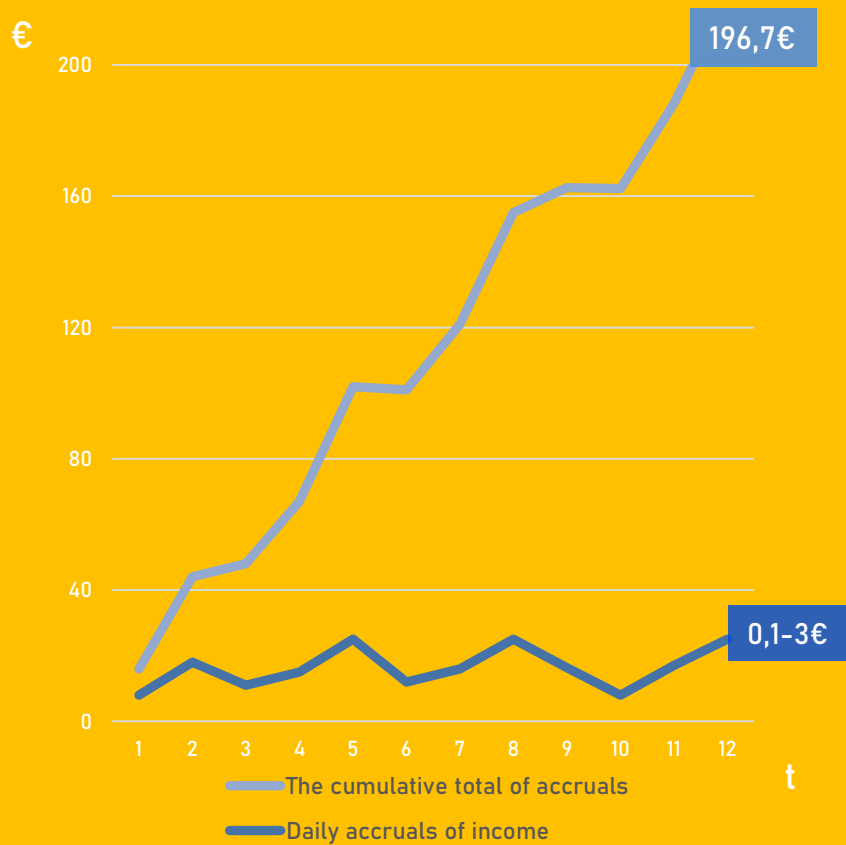

**of the income from the deposited funds during
the first 5 years of insurance period.**

Age – 40 лет. Insurance term 70-40 = 30 years.

Premium – 100€ per year.

Annuity – 150€ per quarter, lifelong.

Income is accrued daily
for the first 5 years

EUR 0,10-3€ per day

for each certificate

Accrual of income will begin
from 00:00 hours

the next day after the payment
of the insurance premium

! If there is no queue.

🗨 Ask your consultant what the queue means and whether it affects the income accrual.
